Guerrilla RF Announces Uplisting to The Nasdaq Stock Market

GREENSBORO, NC — November 17, 2026 — Guerrilla RF, Inc. (OTCQX: GUER), a leading provider of high-performance RF and microwave semiconductors, today announced that its common stock has been approved for uplisting to The Nasdaq Capital Market ("Nasdaq") under the Company's existing ticker symbol, "GUER." The Company's common stock is expected to begin trading on Nasdaq on November 18, 2026. Shareholders are not required to take any action as a result of the uplisting.

"The uplisting to Nasdaq is an important step for the Company as we continue to execute on our growth plan," said Ryan Pratt, Founder and Chief Executive Officer of Guerrilla RF. "As reflected in our recent operating performance, our business is scaling and we are simultaneously increasing our margins which is resulting in higher operating income and cash flow. We are confident in our ability to sustain high-margin growth and increasing cash generation going forward. Listing on a premier global exchange like Nasdaq is expected to enhance our visibility, attract a broader investor base and provide increased liquidity for our stock, all of which we believe will help support our next stage of growth. As we embark on this next chapter, we remain steadfast in our commitment to delivering innovation, driving top and bottom-line growth, and creating long-term value for shareholders."

About Guerrilla RF

Founded in 2013, Guerrilla RF, Inc., develops and manufactures high-performance, state-of-the-art radio frequency (RF) and microwave semiconductors for wireless OEMs in multiple high-growth market segments, including network infrastructure for 5G/4G macro and small cell base stations, SATCOM, cellular repeaters/DAS, automotive telematics, military communications, navigation, and high-fidelity wireless audio. The Company has an extensive portfolio of 190+ high-performance RF and microwave semiconductor devices with 35+ new products in development. As one of the fastest-growing semiconductor firms in the industry, Guerrilla RF drives innovation through its R&D to commercialization initiatives and focuses on product excellence and custom solutions to underserved markets. The Company has shipped over 330 million devices. For more information, please visit https://www.guerrilla-rf.com/ or follow the Company on Twitter and LinkedIn.

Forward-Looking Statements

This press release may contain forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934 and the Private Securities Litigation Reform Act of 1995, which statements are inherently subject to risks and uncertainties. Forward-looking statements include projections, predictions, expectations, or beliefs about future events or results or otherwise are not statements of historical fact. Such statements are often characterized by the use of qualifying words (and their derivatives) such as "expect," "believe," "estimate," "plan," "project," "anticipate," or other statements concerning opinions or judgments of the Company and its management about future events. You should not place undue reliance on forward-looking statements because they involve known and unknown risks, uncertainties, and assumptions that are difficult or impossible to predict and, in some cases, beyond the Company's control. Actual results may differ materially from those in the forward-looking statements as a result of several factors, including those described in the Company's filings with the SEC available at https://www.sec.gov. Forward-looking statements speak only as of the date they are made. The Company undertakes no obligation to revise or update information in this release to reflect events or circumstances in the future, even if new information becomes available.
